MEMORANDUM FOR: Comptroller

THROUGH: Executive Director

FROM: Deputy Director of Central Intelligence

SUBJECT: Comptroller's Objection to a Priority Ranking on the 15 June Budget

1. Realize that the request to provide a budget forecast on 15 June may appear somewhat premature, particularly when viewed against the backdrop of the EXCOM schedule on CIA's budget. There is merit, however, Community-wide in requesting such a budget and we ask that you do the best you can, albeit somewhat hip pocket, in attempting to identify where CIA will put its priority for the upcoming budget due in September.

2. We ask this of the Community members on behalf of the DCI so that during the summer he can make some determination as to where the Community is going and for the opportunity to recommend adjustments in the various Program Managers' priority or where he feels additional priority should be emphasized and to have this come about in a manner that can be accommodated more easily in the budget process.

3. We recognize the burden this request may cause you. We further recognize that there will be a certain imperfection in it but overall we feel it's better to make priority adjustments during the leisure summer days than in panic during the budget build.

4. I'm confident you see the wisdom of our ways.
